

Pulmonary/Cardiovascular Issues

Making the Connection

August 16-18, 2017
Clarion Hotel Conference Center South
5532 Athens Boonesboro Road
Lexington, Kentucky 40509

Agenda

The KSRC is pleased to present it's 12th annual state educational meeting. The program this year is dedicated to the topic of "Pulmonary/Cardiovascular Issues: Making the Connection"

We will be having our annual Sputum Bowl competition. We are looking for both first year and second year student teams. All will compete together for the right to call themselves the Kentucky State Champion. Get your teams together and start practicing for this exciting event. Look at the KSRC web site for registration materials.

Program Objectives

After the presentation the participant will be able to:

- State the importance of advanced credentials for the respiratory profession
- Identify the goals of pediatric trauma resuscitation
- Describe the reason for using evidence based protocols in the treatment of COPD patients.
- Recognize symptoms of drug use
- List reasons why managing stress is important
- Discuss the connection between Radon and Lung Cancer
- Discuss the use of Volume control/ Volume targeted ventilation of the neonatal population
- Analyze the evidence to support ECMO for patients with severe respiratory system failure
- Recommend interventions to management respiratory symptoms for palliative care patients
- Identify the adult patient who would ben-efit from ECHMO
- Explain HIPPA regulations and the impact on professional interactions
- Discuss the process of complaints against a licensee

Notice(s):

- Speakers and topics subject to change.
- At the time of this printing, a complete listing of commercial supporters was not available. Appropriate acknowledgment will be given to all supporters at the time of the meeting.
