

The Latest Advances in **Diabetes Management**

October 13, 2017

Corbin Technology & Community
Activities Center
Corbin, Kentucky 40701

This program is a collaborative effort of
Southern Kentucky Area Health Education Center
Baptist Health Corbin
Baptist Health Richmond
Laurel County Health Department

Agenda

Friday, October 13, 2017

Focus

This program will present the latest advances and recommendations in management of diabetes through recognizing the risk factors for developing diabetes, reducing cardiovascular risk factors, nutrition management, pharmacological agents used in diabetes care, with an emphasis on healthy lifestyle choices including physical activity.

Objectives

At the end of this conference participants will be able to:

- Identify situations where culture impacts patient navigation.
- Increase understanding of Kentucky healthcare legislation and its impact on healthcare in Kentucky.
- Recognize research is ongoing for diabetics
- Understand the mechanism of action of PCSK9 Inhibitors.
- Compare and contrast the latest advances in the pharmacologic and therapeutic management of diabetes.
- State the reason meal planning is important for people with diabetes.
- Differentiate between type 1 and type 2

Target Audience

Physicians, Pharmacists, Physician Assistants, Dentistry, Dietitian, Respiratory, Nurses, CHES and Nurse Practitioners
